

**STENBERG
COLLEGE**

JOB POSTING

Company: Stenberg College	Location: Alberta Region
Status: Contract Employee (Part time)	Shift: Listed below (varies)
Job Category: ECG & Stress Testing Lab Instructor(s) – Cardiology Technologist Program	Contact Info: jacquies@stenbergcollege.com
Education Level: Registered Cardiology Technologist	Relevant Work Experience: 5+ yrs

Description:

Stenberg College is currently looking to hire passionate, Registered Cardiology Technologists to take on the role of ECG Lab Instructor(s) & Stress Testing Lab Instructor(s) within our Alberta based Cardiology Technologist Program. Note: These positions may be filled separately and/or one person may be interested in fulfilling both roles.

Successful candidates would be responsible for delivering the lab instruction in the areas of ECG &/or Stress Testing to our students. Instructors will be provided with specific evaluation tools to use in their assessment of student competency. A thorough orientation would take place prior to stepping into the lab/teaching environment.

We require someone with a minimum of 5 years work experience as a Registered Cardiology Technologist. Advanced Cardiac Life Support (ACLS) Certification is preferred. Previous supervisory and/or training experience is an asset. An openness to participate in Stenberg's online Instructor Development Certificate Program is mandatory.

The immediate teaching dates & courses that we are looking to fill are as follows:

ECG Labs December 5 - December 23, 2011 30 hours per week

Stress/ETT Labs February 13 - March 9, 2012 30 hours per week

If you are passionate about sharing your knowledge, skills and abilities to future Cardio Techs then we want to hear from you. Please email cover letter and resume to jacquies@stenbergcollege.com.
