

## ASRCT Members!!

As the Education Coordinator of ASRCT, I would like to give a reminder that the CEU guidelines were updated and released January 2020. With that being said, the guidelines are strict on CEU credits being cardiovascular related unless otherwise stated in the Guidelines.

The Following are samples of CEUs that will be *DECLINED*.

1. HPA mandatory course on sexual abuse and sexual misconduct  
“protecting patients from abuse and misconduct”
2. AHS Preceptor Module
3. WHIMIS Training
4. ACE, Annual Continuing Education: Patient relations, Infection Prevention Control, Safe, Healthy, and Inclusive workplace. Items set out by the employers
5. Indigenous awareness and sensitivity.
6. Respiratory protective equipment and fit testing.
7. Code Red
